# Vila Bonaplata, live as you are.

01 / Vila Bonaplata

# We are not just a rental building.

# We are a place where you can live as you are.

Living as you are is a revolutionary act.

An awakening of the sleeping. A courageous voice that rebels against the status quo. Someone who puts life first, who loves doing his work and sharing quality time with his loved ones. Who values time because every second counts. Who needs space to be the way she is. Committed to the environment and the people of the neighborhood. Someone who doesn't stay inside four walls, because he believes that things can be done differently.

That someone is you. Welcome home.

A neighborhood  
full of green areas,  
close to the  
mountain and well  
connected.

02 / Location

## Excellent connections and sustainable transportation

An area with excellent and fast connections to any point in downtown. **Metro line L10, Foc and Foneria stations.** As well as strategic connections with the Montjuic area, the airport, Ronda Litoral and the Gran Via fair (Fira de la Gran Via).

An area with an extensive network of bike lanes (Bicing) to promote urban mobility in an environmentally friendly way.

## Welcome to the new 22@

A neighborhood in full swing where **new local shops**, residential developments, and **large companies** betting on the area are emerging every day. The area is considered the **new 22@** in the Marina del Prat Vermell (Sants-Montjuic district).

Because a neighborhood in full transformation is a sure bet on the future.

## Close to everything

Live near the Montjuic park, one of the largest **green lungs of the city**, and also near the picturesque Petit Mercat of the Zona Franca and **large shopping centers** as Gran Vía 2, Ikea, Bauhaus, Decathlon, and Wala.

And enjoy a **popular haute cuisine experience** in restaurants like Granja Elena.

# Spaces to live as you are.

03 / Common areas

In Vila Bonaplata you will enjoy common areas of functional design.

## Inspiring spaces to connect and disconnect

Everybody loves to enjoy a better life, that's why in Vila Bonaplata we have a **gym** and a multipurpose sports room, as well as a spectacular swimming pool surrounded by greenery where you will be able to leave all your worries behind.

Also, an **outdoor area** to enjoy nature, meditate, read a book or just have a coffee.

Because life with a swimming pool, a gym and a garden is always a better life.

Modern  
gym with  
views to the  
English patio.

Dive into in a  
spectacular  
112 m pool.

## Inspiring spaces to work in

In Vila Bonaplata you are not just renting a house. You are renting an exclusive work area, such as the coworking space, although we prefer to call it **homeworking**, because we know that you need to work as close to home as possible.

Also, a **Meeting Room**, an ideal space for your private meetings. And you are also renting an outdoor work area, **Sala Ágora**: you can organize whatever you need in that delicious **English patio** that floods all its rooms with light.

And, to make your life easier, we offer you a **smart point** to receive your online orders.

Coworking spaces,  
meeting room,  
Sala Ágora and a large hall.

# Stick with those who make your life easier

## 04 / Services

In addition, we offer a wide range of services to make your life even easier

At **Vila Bonaplata** we make it easy for you to take care of other things. That's why we offer you a service app with which you can manage incidents, check the regulations, post warnings or book rooms, even control the automation of your home. All from your cell phone.

You will also have electronic locking access to common areas and doors, as well as **smart lockers** to conveniently receive your online purchases.

# Live as you dream.

05 / Housing

At Vila Bonaplata we have  
different types of homes  
for different lifestyles and needs.

# Vila Bonaplata's commitment to the planet

06 / Sustainability

# As sustainable as you are

Beyond hypes, in Vila Bonaplata we have a **commitment to sustainability** that we have carried out to the last corner of the building. In addition, we have installed **photovoltaic panels**, and we use the municipal network of cold and heat, thus achieving the implementation of a heat network based on **renewable energies**.

In addition, we have used construction materials that insulate against extreme temperatures to avoid energy costs. The excellent distribution of the units guarantees the facing arrangement of their spaces, favoring the **cross ventilation** that is essential for a healthy environment.

This sustainable revolution is reflected in its architecture, which is designed to be energy efficient and has achieved **BREEAM, Very Good**, the international certificate awarded to the most sustainable buildings.

In addition, we have a power charger for electric vehicles, because at Vila Bonaplata we are committed to a city that fights against urban air pollution.
